SPRINGFIELD PARK DISTRICT ANNOUNCES THE LAUNCH OF A NEWLY DESIGNED INTERACTIVE WEBSITE:
WWW.SPRINGFIELDPARKS.ORG

The Springfield Park District is excited to announce the launch of its newly designed interactive website. The website will be launched on Friday February 8, 2013. Users can access the new website through the same web address as before: www.springfieldparks.org

Key features that were accomplished with the new website:

1. **User friendly design** – allow users to quickly locate the information they are searching for.

2. **Mobile Friendly** – allow mobile users to easily view and manipulate the site.

3. **Screen Reader Friendly** – Accessible to people with visual impairments.

4. **Modern look and feel**

One of the new features that users will experience is an interactive mapping program that will give users access to an interactive Google map that is pre loaded with exact location of all Park District parks, facilities, sports courts, athletic fields, etc. This feature will allow users to narrow their search and identify exactly where their favorite Park District amenity is located.
