

CHEMISTRY CHRISTMAS ORNAMENTS

Supplies

Plastic Ornament

Pipettes

Vinegar

Baking Soda

Glitter

Food Color

Instructions

Fill your Christmas ornament with baking soda, glitter (optional) and food color of your choice.

Next have a cup of vinegar, your child can use the pipette to put in the vinegar or they can pour it in (make sure the ornament is on a tray, it does get messy!

They will want to do this experiment over and over. Have Fun!
